## ECONOMIC LUNCH BRIEFING

Join the NCCC Traders by Nature and the Italian–Czech Chamber of Commerce and Industry to an economic lunch briefing.

Three renowned economists will again come together to provide us with a Macro Economic Update, the Impact of recent Monetary Decisions and the Outlook Expectations of the Czech Economy, embedded in a European perspective. You will have the opportunity to ask questions and discuss these topics directly with the speakers and other participants of this event. Last but not least, you will enjoy a delightful three-course menu in a pleasant atmosphere of the Opera Ballroom of the NH Collection Prague Carlo IV Hotel.
